Hi Bernie:

I was in a meeting this morning with Loreen. She mentioned that she had indeed received the two agreements. She will obtain the appropriate signature on the PM side and provide you one executed original of each for your files.

I would anticipate that these should go out to Clinimetrics sometime this week.

Let me know if you need any additional information.

Thanks,  
Valerie

**Subject:** RE: Request for Proposal

Hi Valerie,

Can you please check? I am out of town and will have a hard time following up for the next few days. The package was sent to Loreen on 8/20 and should have been received on 8/21. I am copying Steve Arri who sent this package so he can also check with Airborne to see who signed.

Thanks,

Bernie

Hi Bernie:

I think if you can get me a proposal for review by September 9th, that should be fine. That way we can review the proposal and give you our feedback within the week. My goal would be for us to get an agreement executed no later than the end of September so that we're in a good position by the time the clinical piece of this study starts (on October 17).

Loreen is back this week from vacation. I had checked with her secretary on Thursday to see if Mr. Wilson's signed copies had been received, but we hadn't gotten them. Would you like me to follow up with her for you (or do you want to check with her directly)? Just let me know.

Thanks,  
Valerie
